In Loving Memory of

Dean Allan Wales

(May 3, 1982 - August 18, 2007)

The mystery of love is greater than the mystery of death.

You will live forever in our memories and hearts.

This memorial website was created to remember our dearest **Dean Allan Wales** who was born on **May 3, 1982** and passed away on **August 18, 2007**.

"PEACE AT LAST"

Sweetly we think of you with love , everyday.

Tenderly we dream of you and what we'd like to say.

We know that you are with us , even though your life has passed.

You walk with us , comfort us and let us know at last.

Your life was a difficult journey , along a bumpy trail.

You tried your best to find the way , to let your goodness prevail.

It was with grief and sadness , that you took your life that day.

Now god has you in his keeping , and your pain has been washed away.

You found the peace you searched for , so desperatley in life.

At last your soul is comforted , from the demons that caused you such strife.

Although we miss you desperatley , and wish you didn't leave.

We had no power to stop you , and now must simply grieve.

We hear your voice in the wind , and feel your touch in the sun.

You speak to us in gentle ways , and we know your day has come !

~~~~~

Dean was always the joker and there was never a straight face when he was around , he bought light and love to all who he came into contact with !

A true gentlemen when it came to the ladies , always a giver and rarely asking for anything in return , he would give you his last penny.

~~~~~

As read at his service by Dean's Loving sister Kim -

Dean was born in Hughenden on the 3rd of may 1982, the youngest of 4 children to mum & dad (Joy & Allan).He was mum's baby , he loved his mum and she loved him back & always will.He adored his brother Shane , his sisters Kim & Kellie , loved being uncle Dean to their children and had a great relationship with his brother-in-laws Jeff & Kim.

He started primary school at the Hughenden State School then switched across to the St Francis Catholic Primary School and then Back to Hughenden high School to finish off his schooling.He then completed 2 years at Clare Agricultural College.

He loved to play football in both Primary & High School and represented Hughenden in the QLD Secondary Schools Rugby League State 15 years Championships in 1997.His other love in sports was Rodeo and he wanted to be just like his big brother Shane , because he was so proud of what shane had achieved on the Rodeo circiut.He love to practice roping with Allistair Anderson , Clancy Middleton & Ron Purse.

At the age of 11 , he decided he wanted to become a butcher, he annoyed Herbie Wright at the Flinders Butchery that much that in the end Herbie end up employing him working on a Saturday.

He also loved his work on the land and was a true bushie at heart , he worked with dad fencing and then traveled North QLD working on various properties and made plenty of mates wherever he went.

When he was home there was always a constant stream of 4x4's and mates coming to visit even if he was only home for a short time.He always loved coming back to Hughenden because Hughenden was where he called HOME.

He was always willing to help anyone, and in his short life he touched so many people in many different ways whether it was to lend money if they were broke or needed a bed for the night.

He was a larrikin at heart and enjoyed a beer and a party and loved to be with his mated having or cracking a joke.

Shane . Jenny , Kevin , David & Tamekia Reid were like his second family and this what they wrote for him -

"Dippy (that was their special name for him) you made us laugh , there was never a dull moment around when you were with us. You were like a big brother to us"

I am sure Dean would have liked to have been remembered as a happy go lucky person , always out for a good time no matter where he was or who he was with. He will be sadly missed by all his family and friends.

~~~~~

I'm truley grateful for having had the chance to love and be loved by Dean , he bought my children and i much happiness and we have some truley wonderful memories that will live on in our hearts forever.

If i had just one wish, I would wish to wake up everyday to the sound of your breath on my neck , the warmth of your lips on my cheek, the touch of your fingers on my skin and the feel of your heart beating with mine....I will never stop loving you Dean  
xoxoxoxo Tanya.

## *Mitchell Steele*

For those of you who don't know. I am a country music singer and I have always liked writing funny songs. While working with deano out at Lorraine Station, I did alot of that. When we would be out mustering, I would start singing any old song out of the blue and I would change the words to make it funny, but if I got stuck and couldn't think of any words... deano would always be there to help, and what really sucked was that he was better at rhyming words to a song than what I was!!! And it was always funny...

Deano taught me alot when I was working with him and I will never forget him.

We'll always miss him! xoxoxoxoxoxo \*~Mitch~\*

### *~~~~~A Romantic Memory ~~~~~*

I will never forget the night Dean told me he loved me for the first time.....I knew he had someting to tell me and i kept asking him , "what was wrong" , but he would insist that all was fine , so after asking several times , he lifted my head up so that we'd be looking eye to eye and he said to me " I LOVE YOU AND ALWAYS HAVE " .... That was at Wrothem Park near Chillagoe in the donga you see to the right in the picture ! He was more of a romantic then i could have ever imagined.

The background is a textured, mottled olive-green color. In the upper right quadrant, there are two roses. The one on the left is smaller and more tightly curled, while the one on the right is larger and more fully bloomed. Both roses are rendered in a light, almost white tone, making them stand out against the darker background. The overall aesthetic is soft and nostalgic.
